

# Golf Course and Turfgrass Management Internship

The Hyde Park Golf and Country Club Grounds Department in Cincinnati, Ohio has 2 Turfgrass internship positions available for the upcoming 2011 season. HPGCC is a classic Donald Ross Club est. in 1909, located just minutes from Downtown. The club recently completed a bunker renovation in 2006 and replaced the irrigation system in 2008. We are continuing on with projects including green and tee renovations as part of a master plan. The Grounds Department is responsible for providing daily championship conditions to the membership, guests and events.

## Position Description:

The intern will be exposed to the full gamut of golf course and turfgrass management issues. The interns will be responsible for, but not limited to:

- Calibration and Application of Fertilizers and Pesticides
- Proper moisture management techniques
- Irrigation repair
- Leading small crews during projects
- Budgeting issues
- Wide array of record keeping

The overall goal of this internship program is to expose the student to as much as he/she can handle.

## Compensation:

- \$9.25-10.00/ hr. with overtime (typical week 45-65hrs)
- Housing provided on-site
- Uniform
- Meals provided
- Golf Privileges
- Possible full time positions upon graduation
