Nutrient Management Plan Development Workshop

December 8-9, 2009

Purdue Crop Diagnostic Training and Research Center

The mission of the Crop Diagnostic Training and Research Center is to develop and deliver agricultural crop production information, primarily in the area of diagnostics, which is integrated with practical problem solving experiences into a systems approach for crop production management.

Nutrient Mgmt Plan Development Workshop

The purpose of this nutrient management plan development workshop is to provide a comprehensive overview of NMP/CNMP development using the suite of free software tools that have been developed to help streamline the NMP/CNMP writing process. The software tools that will be used in this workshop include:

- The University of Missouri "Clipper" website
- MapWindow GIS with MMP Tools
- Manure Management Planner (MMP)
- RUSLE2

This will be an interactive demonstration/discussion workshop.

Attendees should have some experience in using these tools, or at a minimum, have reviewed the online webcast available at the MMP website:

<http://www.agry.purdue.edu/mmp>

Continuing Education

All workshop participants will be awarded Continuing Education Units* (CEUs) for Certified Crop Advisors.

***The Continuing Education Units are only applicable to the ASA/CCA Continuing Education Program.**

Location

The Beck Agricultural Center at the Purdue Agronomy Center for Research and Education (ACRE) located near West Lafayette, Indiana. West Lafayette is 65 miles northwest of Indianapolis, Indiana, and 120 miles southeast of Chicago, Illinois. The ACRE is located approximately five miles west of West Lafayette, Indiana on U.S. 52.
